Notes :

- 1 The financial results for the Company for the quarter ended 30 June 2020 has been approved by the Monitoring Agency of the Company while discharging the powers of the Board of Directors of the Company which has been conferred upon the Monitoring Agency in terms of the provisions of the Resolution Plan as approved by the Hon'ble NCLT on 04 Sep 2019. The said results have been reviewed by the statutory auditors.
- 2 The Ind AS compliant corresponding figures in the previous period has not been subjected to review / audit. However the Company has exercised necessary due diligence to ensure that such results provide a true and fair view of its affairs.
- 3 This statement has been prepared in accordance with the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) prescribed under section 133 of the Companies Act, 2013 and other recognised accounting practices and policies to the extent applicable.
- 4 The format for un-audited quarterly results as prescribed in SEBI's Circular CIR/CFD/CMD/15/2015 dated 30th November 2015 has been modified to comply with requirements of SEBI's Circular dated 5th July 2016, Ind AS and Schedule III (Division II) to the Companies Act, 2013 are applicable to the Companies that are required to comply with Ind AS.
- 5 The Statutory Auditor of the company has carried out limited review of the financial results with the following observation:
 - a) Manufacturing activities at its unit Ramsarup Utpadak at Shyamnagar has been suspended since August 2012 and physical possession has already been taken by WBIDC as term lender. Thereafter, post commencement of CIRP i.e. January 8, 2018 the Resolution professional had taken possession of the unit, post which the the resolution plan was approved by NCLT vide order dated September 04,2019. The same is currently pending implementation.
 - b) IREDA has taken action u/s 13 (4) of SARFAESI Act, 2002 on one of the units i.e Ramsarup Vidyut, Dhule and have taken physical possession on 17.03.2015 . Thereafter IREDA has without following the laws of SARFAESI Act auctioned the Windmill to Sole Bidder M/s Suzlon Global Services Ltd. on 17.03.2017. The above matter is sub-Judice before Ld. Debt Recovery Appellate Tribunal, Mumbai, Maharashtra and the company is confident of getting the order in its favour.
 - c) Some of the bankers of the Company had taken action u/s 13(4) of SARFAESI Act, 2002 against Three (3) units of the company i.e. (i) Ramsarup Industrial Corporation, Kalyani, (ii) Ramsarup Nirmaan Wires, Durgapur and (iii) Ramsarup Lohh Udyog, Kharagpur, and their Legal possession were taken over by them. Out of the above, ARCIL has taken physical possession of one of its three units i.e., Ramsarup Lohh Udyog, Kharagpur during the 3rd Quarter, 2015. Thereafter, post commencement of CIRP i.e. January 8, 2018 the Resolution professional had taken possession of all the units, post which the the resolution plan was approved by NCLT vide order dated September 04,2019. The same is currently pending implementation.
 - d) As stated above, some of the lender banks had already assigned their debts together with the underlying securities, rights, title and interest thereon to some Asset Re-construction Companies (ARCs) registered with the RBI pursuant to Section 3 of the SARFAESI Act 2002, wherein in some cases, legal / physical possession had been taken over by them. Thereafter, post commencement of CIRP i.e. January 8, 2018 the Resolution professional had taken possession of all the units, post which the resolution plan was approved by NCLT vide order dated September 04,2019. The same is currently pending implementation.

6 Attention is invited to the following:-

a) The National Company Law Tribunal ('Hon'ble NCLT'), Kolkata Bench, vide its order dated on 8 January 2018 ('Insolvency Commencement Date') has initiated Corporate Insolvency Resolution Process ('CIRP') under section 10 of the Insolvency and Bankruptcy Code, 2016 ('Code'). Mr. Nilesh Sharma was appointed as Interim Resolution Professional ('IRP') to manage affairs of the Company in accordance with the provisions of Code. In the first meeting of Committee of Creditors ('CoC') held on 7 February 2018 and vide Hon'ble NCLT's order dated 02 May 2018, Mr. Kshitiz Chhawchharia was appointed as the Resolution Professional ('RP') of the Company. Pursuant to the order the powers of the Board of Directors was suspended and were exercised by the IRP/RP. Further, during the CIRP Expression of Interest were sought from the prospective Resolution Applicants (PRAs) to submit the Resolution Plan for the Company. Subsequently, the resolution plan submitted by the consortium of SS Naturals Private Limited and Shyam SEL Limited (referred to as the 'Resolution Applicant' or 'RA'), was approved by the CoC of the Company on 06 March 2019 and subsequently by the Hon'ble NCLT on 04 September 2019.

b) Post Hon'ble NCLT's order the CIRP of the company has ended and accordingly RP has demitted office. The company is continuing to operate as a going concern in terms of the approved resolution plan. A Monitoring Agency ('MA') has been constituted comprising of 3 lenders, 2 representatives of RA and the erstwhile RP, for managing the operations of the Company and monitoring the implementation of the Approved Resolution Plan by the Resolution Applicant for revival of the Corporate Debtor. Mr. Kshitiz Chhawchharia, the erstwhile RP ('Ex-RP'), was appointed as the Chairman of the MA ('Chairman') in the third meeting of the MA held on 25 September 2019. Currently, there has been a deadlock between certain lenders and Resolution Applicant on key issues relating to plan implementation. Thereafter, certain applications are filed before the Hon'ble NCLT and are pending adjudication.

c) As the powers of the Board of Directors have been suspended, these financial results have been adopted by the Monitoring Agency while exercising the powers of the Board of Directors of the Company, in good faith, solely for the purpose of compliance and discharging their duties which has been conferred upon them as per the terms of the approved resolution plan. These financial statements for the quarter ended 30 Jun 2020 have been prepared with the assistance of erstwhile management of the Company. In view thereof, the Monitoring Agency has relied upon the assistance provided by the Erstwhile Managing Director in review of the financial results and certifications, representations and statements made by the Company in relation to these financial statements.

7 The Company has made Investment in the Equity of Moira Madhujore Coal Ltd. to whom the Coal Block at Moira Madhujore was allotted jointly with other beneficiaries and subsequently due to various reasons, the Coal Mine has been deallocated and the rights in coal block and investment thereon is likely to be affected. Hence, value of the investment has been considered at a nominal amount of Re 1/- share.

8 On account of moratorium under section 14 of Insolvency and Bankruptcy Code 2016 interest has not been provided for on borrowings from the date of commencement of CIRP.

9 There has been no operation in any of the segment, but there has been some realisation during the quarter ended 30 June 2020 from some the segment relating to previous years, hence, segment reporting as per Ind AS 108 (Corresponding to AS-17) has been carried out. The income realised is income from other sources.

- 10 In respect of following transactions, the Company has performed their internal assessment and concluded that no separate adjustments are required under Ind AS:
- a) Dividend (being classified as Interest under Ind AS) on Preference shares (being classified as borrowings under Ind AS), amounting to Rs. 257.91 lakhs for three months ended 30th June, 2020 together with earlier non provision of interest of Rs11,546.38 lakhs from March 2003 to 31st March, 2020 has not been provided for.
 - b) 'Effective interest rate model' for amortising loan origination cost over the loan tenure were not applied, as the entire borrowing liability are classified as current, and are payable on demand.
 - c) The Company has not involved Actuary for computation of Gratuity liability and Leave Encashment. Accordingly impact of re-measurement gains / losses were not considered.
- 11 In view of the CIR process which got completed vide NCLT order dated 4 September 2019 approving the Resolution Plan and disposal off the various litigative matters by Hon'ble Supreme Court vide its latest order dated 02 July 2021, the Company is confident of revival under the provisions of IBC and, as such, the accounts have been prepared on a going concern basis. Further, as implementation of resolution plan is in process, step by step. as per the approved resolution plan, the accounting entries and other necessary adjustments in the books of accounts of the company superseding all the acts and authorities, are yet to be made.
- 12 The Annual general Meeting of the company was held on dated 30 May 2019 for the F.Y. 2016-17 and thereafter no Annual General of The Company was held till date of review.
- 13 As in the above financial results, figures are in lacs. So, the amount less than Rs.50,000/- are considered as NIL.
- 14 Figures for Previous three months ended 30 June 2019 have been regrouped and/or rearranged wherever considered necessary.

Limited Review Report

To
The Monitoring Agency,
Ramsarup Industries Limited
Kolkata

1. We have reviewed the accompanying statement of unaudited financial results of Ramsarup Industries Limited ('the Company') for the quarter and three months ended 30th June 2020 ('the Statement'), being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements Regulations, 2015) ('SEBI Regulations') as modified by SEBI Circular No. CIR/CFD/FAC/62/2016 dated 05th July 2016.
2. The preparation of the Statement in accordance with the recognition and measurement principals laid down in Indian Accounting Standards (Ind AS) 34 "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated 05th July 2016, including the creation and maintenance of all accounting and other records supporting its contents is the responsibility of the Company's Management and have been reviewed by the erstwhile Board of Directors along as well as the present Company Personnel and provided to the Resolution Professional. The Company's Management had been responsible for the designing, implementing and maintaining internal control relevant to the preparation and presentation of the Statement, and applying an appropriate basis of preparation; and making estimates that are reasonable in the circumstances and has been approved by the present company personnel. Our responsibility is to issue a report on these financial statements based on our review.
3. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review, to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. We draw attention to the following points:
 - i) *The Company has incurred loss of Rs. 8.77 crores for the three months ended on 30th June 2020 and negative net worth amounting to Rs. 4,806.53 crores as on 30th June 2020. Thus, it indicates a material uncertainty exists that may cast significant*

doubt on the company's ability to continue as a Going Concern. However, the Corporate Insolvency Resolution Process (CIRP) of the company commenced on January 08, 2018 vide order of the Hon'ble National Company Law Tribunal (NCLT), Kolkata Bench and Mr. Niles Sharma was appointed as the interim resolution professional of the company. Thereafter, Mr. Kshitiz Chhawchharia vide Hon'ble NCLT's order dated 02.05.2018 was appointed as the Resolution Professional (RP). The resolution plan for the revival of the Company submitted by the consortium of SS Naturals Private Limited and Shyam SEL Limited (referred to as the Resolution Applicant or RA), was approved by the Committee of Creditors of the Company of 06th March 2019. Thereafter, the RP filed an application with the Hon'ble NCLT u/s 30(6) and section 31 of the code for approval of the resolution plan. Subsequently, on 04th September 2019, the Hon'ble NCLT approved the Resolution Plan (approved Resolution Plan) submitted for the revival of the company, binding the company, its employees, members, creditors, coordinators and other stakeholders involved in the Resolution Plan. Upon approval of the Resolution Plan by the Hon'ble NCLT, the corporate insolvency Resolution Process of the Company has ended and accordingly RP has demitted office. Thereafter, a Monitoring Agency (MA) has been constituted comprising of three lenders, two representatives of successful RA and erstwhile RP, for managing the operations of the Company and monitoring the implementation of the Approved Resolution Plan by the Resolution Applicant for revival of the Company. Mr. Kshitiz Chhawchharia, the erstwhile RP, was appointed as the Chairman of the MA (Chairman) in the 3rd Meeting of the MA held on 25th September 2019.

Further, appeals were filed before the Hon'ble National Company Law Appellate Tribunal (NCLAT) by various stakeholders against the Hon'ble NCLT's order dated September 04, 2019 for approval of Resolution Plan. Since the matter was Sub-judice, the Resolution Applicant, being a member of the MA, had mentioned that all matters relating to the Company be taken up for discussion after the disposal of the appeal by Hon'ble NCLAT. Subsequently on March 04, 2021 the Hon'ble NCLAT pass the order dismissing all the aforesaid appeals and directed the Monitoring Agency to immediately start taking steps for implementation of the Resolution Plan.

Thereafter, an appeal was filed in the Hon'ble Supreme Court by the Resolution Applicant and other stakeholders. The Appeal of the Resolution Applicant and other stakeholders were dismissed by the Hon'ble court vide order dated 04th May 2021 and 2nd July 2021 respectively.

Post the order of Hon'ble Supreme Court, the successful RA has taken the necessary steps to implement the approved resolution plan.

The RA has already funded the CIRP cost and Workmen Dues in line with the approved resolution plan.

As per the approved resolution plan it is the RA's liability to meet the expenses incurred for the day-to-day activities of the company after the completion of the CIRP. The RA has been complying with the same by continuously funding the accounts of the Company with the operational expenses since May, 2021 (post the order of Hon'ble Supreme Court).

The RA has also paid towards the renewal of insurance of the assets of the Company.

Thus, on the basis of the above-mentioned points the Company is confident of revival under the provisions of Insolvency and Bankruptcy Code, 2016 (IBC) and Approved Resolution Plan, as such, the accounts have been prepared on a Going Concern basis.

- ii) As per section 134 of the Companies Act, 2013, the financial statements of the Company are required to be authenticated by the Chairperson of the Board of Directors, where authorized by the Board or at least two directors, of which one shall be managing director or the CEO (being a director), the CFO and Company Secretary where they are appointed. The Company has not appointed CFO and Company Secretary. These financial statements of the Company for the quarter ended 30th June 2020 pertains to period during CIRP. Pursuant to the Hon'ble NCLT order for commencement of the CIRP and in line with the provisions of the Code, the powers of the Board of Directors stand suspended and be exercised by IRP / RP. These financial statements for the quarter ended 30th June 2020 have been prepared with the assistance of erstwhile management of the Company. In view thereof, the Monitoring Agency has relied upon the assistance provided by the Erstwhile Managing Director in review of the financial results and certifications, representations and statements made by the Company in relation to these financial statements. These financial statements have been signed by the Authorized Representative of the Monitoring Agency (duly authorized by the MA). These financial statements have been adopted by the MA while exercising the powers of the Board of Directors of the Company, in good faith, solely for the purpose of compliance and discharging their duties which has been conferred upon them as per the terms of the approved resolution plan.
- iii) Manufacturing activities at its unit Ramsarup Utpadak at Shyamnagar have been suspended since August 2012 and physical possession has already been taken by WBIDC as term lender. Thereafter, post commencement of CIRP i.e., January 8, 2018 the Resolution professional had taken possession of the unit, post which the resolution plan was approved by NCLT vide order dated September 04, 2019. The same is currently pending implementation.
- iv) The Company has four manufacturing units at Kalyani, Shyamnagar, Kharagpur, and Durgapur, all of which are under the suspension of work for the last few years. Detail Physical Verifications of fixed assets and inventories could not be conducted by the present company personnel. We have also not been able to obtain sufficient appropriate audit evidences (SAAE's) in respect of existence and valuation of fixed assets and inventories lying at these factories.
- v)
 - (a) Since manufacturing activities of the company have been suspended at all of its manufacturing units. There are indications which suggest impairment in the value of Plant & Machinery and other Fixed Assets of the company which has not been done.
 - (b) Windmill at Dhule, financed by IREDA. In view of possession being taken under SARFAESI Act, 2002, the Lender has auctioned the Windmill in favour of M/s Suzlon Global Services Limited and Sales Certificate has been issued. We are given to understand that though Sales Certificate has been issued

by IREDA but legal transfer has not been done. In the meanwhile, the company has filed an SA & IA challenging the above auction. As on the reporting date, matter was under dispute under DRT, Aurangabad during the reporting period wherein the tribunal passed an order in favour of the Company. IREDA has challenged the mentioned order in DRAT, Mumbai wherein the Tribunal directed the parties to maintain 'Status Quo'.

- vi) Borrowings from banks and financial institutions have been classified as Non-Performing Assets (NPA) by the lenders. Neither any balance confirmation with respect to the outstanding loans could be obtained nor has any bank statement been provided by them. In absence of the same, we are unable to confirm the accuracy of the balances appearing in the books of accounts. As the borrowings have been considered NPA, no interest has been charged by the banks since then. As per the provisions of IBC, 2016, the lenders have claimed the outstanding amount with respect to the loan disbursed by them. The claimed amount is inclusive of interest till the date of CIRP commencement i.e., 08th January 2018, which has been accounted for. Interest or any other charges has not been accrued in the books of accounts from the date of commencement of CIR Process, i.e., 08th January, 2018 onwards, on account of moratorium u/s 14 of IBC.
- vii) The Company has made Investment in the Equity of Moira Madhujore Coal Ltd. to whom the Coal block at Moira Madhujore was allotted jointly with their beneficiaries. Due to various reasons, the Coal Mines are deallocated in future and the rights in Coal Block and investment thereon is likely to be affected. Hence, Hence, value of the investment has been considered at a nominal amount of Re 1/- share.
5. Based on our review conducted as above, subject to paragraph 4 above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results prepared in accordance with applicable Indian Accounting Standards specified in Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with Circular No. CIR/CFD/FAC/62/2016 dated 05th July 2016 including the manner in which it is to be disclosed, or that it contains any material misstatement.

Notes :

- 1 The financial results for the Company for the quarter ended 30 September 2020 has been approved by the Monitoring Agency of the Company while discharging the powers of the Board of Directors of the Company which has been conferred upon the Monitoring Agency in terms of the provisions of the Resolution Plan as approved by the Hon'ble NCLT on 04 Sep 2019. The said results have been reviewed by the statutory auditors.
- 2 The Ind AS compliant corresponding figures in the previous period has not been subjected to review / audit. However the Company has exercised necessary due diligence to ensure that such results provide a true and fair view of its affairs.
- 3 This statement has been prepared in accordance with the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) prescribed under section 133 of the Companies Act, 2013 and other recognised accounting practices and policies to the extent applicable.
- 4 The format for un-audited quarterly results as prescribed in SEBI's Circular CIR/CFD/CMD/15/2015 dated 30th November 2015 has been modified to comply with requirements of SEBI's Circular dated 5th July 2016, Ind AS and Schedule III (Division II) to the Companies Act, 2013 are applicable to the Companies that are required to comply with Ind AS.
- 5 The Statutory Auditor of the company has carried out limited review of the financial results with the following observation:
 - a) Manufacturing activities at its unit Ramsarup Utpadak at Shyamnagar has been suspended since August 2012 and physical possession has already been taken by WBIDC as term lender. Thereafter, post commencement of CIRP i.e. January 8, 2018 the Resolution professional had taken possession of the unit, post which the the resolution plan was approved by NCLT vide order dated September 04,2019. The same is currently pending implementation.
 - b) IREDA has taken action u/s 13 (4) of SARFAESI Act, 2002 on one of the units i.e Ramsarup Vidyut, Dhule and have taken physical possession on 17.03.2015 . Thereafter IREDA has without following the laws of SARFAESI Act auctioned the Windmill to Sole Bidder M/s Suzlon Global Services Ltd. on 17.03.2017. The above matter is sub-Judice before Ld. Debt Recovery Appellate Tribunal, Mumbai, Maharashtra and the company is confident of getting the order in its favour.
 - c) Some of the bankers of the Company had taken action u/s 13(4) of SARFAESI Act, 2002 against Three (3) units of the company i.e. (i) Ramsarup Industrial Corporation, Kalyani, (ii) Ramsarup Nirmaan Wires, Durgapur and (iii) Ramsarup Lohh Udyog, Kharagpur, and their Legal possession were taken over by them. Out of the above, ARCIL has taken physical possession of one of its three units i.e., Ramsarup Lohh Udyog, Kharagpur during the 3rd Quarter, 2015. Thereafter, post commencement of CIRP i.e. January 8, 2018 the Resolution professional had taken possession of all the units, post which the the resolution plan was approved by NCLT vide order dated September 04,2019. The same is currently pending implementation.

d) As stated above, some of the lender banks had already assigned their debts together with the underlying securities, rights, title and interest thereon to some Asset Re-construction Companies (ARCs) registered with the RBI pursuant to Section 3 of the SARFAESI Act 2002, wherein in some cases, legal / physical possession had been taken over by them. Thereafter, post commencement of CIRP i.e. January 8, 2018 the Resolution professional had taken possession of all the units, post which the resolution plan was approved by NCLT vide order dated September 04, 2019. The same is currently pending implementation.

6 Attention is invited to the following:-

a) The National Company Law Tribunal ('Hon'ble NCLT'), Kolkata Bench, vide its order dated on 8 January 2018 ('Insolvency Commencement Date') has initiated Corporate Insolvency Resolution Process ('CIRP') under section 10 of the Insolvency and Bankruptcy Code, 2016 ('Code'). Mr. Nilesh Sharma was appointed as Interim Resolution Professional ('IRP') to manage affairs of the Company in accordance with the provisions of Code. In the first meeting of Committee of Creditors ('CoC') held on 7 February 2018 and vide Hon'be NCLT's order dated 02 May 2018, Mr. Kshitiz Chhawchharia was appointed as the Resolution Professional ('RP') of the Company. Pursuant to the order the powers of the Board of Directors was suspended and were exercised by the IRP/RP. Further, during the CIRP Expression of Interest were sought from the prospective Resolution Applicants (PRAs) to submit the Resolution Plan for the Company. Subsequently, the resolution plan submitted by the consortium of SS Naturals Private Limited and Shyam SEL Limited (referred to as the 'Resolution Applicant' or 'RA'), was approved by the CoC of the Company on 06 March 2019 and subsequently by the Hon'ble NCLT on 04 September 2019.

b) Post Hon'ble NCLT's order the CIRP of the company has ended and accordingly RP has demitted office. The company is continuing to operate as a going concern in terms of the approved resolution plan. A Monitoring Agency ('MA') has been constituted comprising of 3 lenders, 2 representatives of RA and the erstwhile RP, for managing the operations of the Company and monitoring the implementation of the Approved Resolution Plan by the Resolution Applicant for revival of the Corporate Debtor. Mr. Kshitiz Chhawchharia, the erstwhile RP ('Ex-RP'), was appointed as the Chairman of the MA ('Chairman') in the third meeting of the MA held on 25 September 2019. Currently, there has been a deadlock between certain lenders and Resolution Applicant on key issues relating to plan implementation. Thereafter, certain applications are filed before the Hon'ble NCLT and are pending adjudication.

c) As the powers of the Board of Directors have been suspended, these financial results have been adopted by the Monitoring Agency while exercising the powers of the Board of Directors of the Company, in good faith, solely for the purpose of compliance and discharging their duties which has been conferred upon them as per the terms of the approved resolution plan. These financial statements for the quarter ended 30 Sep 2020 have been prepared with the assistance of erstwhile management of the Company. In view thereof, the Monitoring Agency has relied upon the assistance provided by the Erstwhile Managing Director in review of the financial results and certifications, representations and statements made by the Company in relation to these financial statements.

- 7 The Company has made Investment in the Equity of Moira Madhujore Coal Ltd. to whom the Coal Block at Moira Madhujore was allotted jointly with other beneficiaries and subsequently due to various reasons, the Coal Mine has been deallocated and the rights in coal block and investment thereon is likely to be affected. Hence, value of the investment has been considered at a nominal amount of Re 1/- share.
- 8 On account of moratorium under section 14 of Insolvency and Bankruptcy Code 2016 interest has not been provided for on borrowings from the date of commencement of CIRP
- 9 There has been no operation in any of the segment, but there has been some realisation during the half year ended 30 September 2020 from some the segment relating to previous years, hence, segment reporting as per Ind AS 108 (Corresponding to AS-17) has been carried out. The income realised is income from other sources.
- 10 In respect of following transactions, the Company has performed their internal assessment and concluded that no separate adjustments are required under Ind AS:
 - a) Dividend (being classified as Interest under Ind AS) on Preference shares (being classified as borrowings under Ind AS), amounting to Rs. 515.82 lakhs for half year ended 30th September, 2020 together with earlier non provision of interest of Rs11,546.38 lakhs from March 2003 to 31st March, 2020 has not been provided for.
 - b) 'Effective interest rate model' for amortising loan origination cost over the loan tenure were not applied, as the entire borrowing liability are classified as current, and are payable on demand.
 - c) The Company has not involved Actuary for computation of Gratuity liability and Leave Encashment. Accordingly impact of re-measurement gains / losses were not considered.
- 11 In view of the CIR process which got completed vide NCLT order dated 4 September 2019 approving the Resolution Plan and disposal off the various litigative matters by Hon'ble Supreme Court vide its latest order dated 02 July 2021, the Company is confident of revival under the provisions of IBC and, as such, the accounts have been prepared on a going concern basis. Further, as implementation of resolution plan is in process, step by step. as per the approved resolution plan, the accounting entries and other necessary adjustments in the books of accounts of the company superseding all the acts and authorities, are yet to be made.

Limited Review Report

To
**The Monitoring Agency,
Ramsarup Industries Limited
Kolkata**

1. We have reviewed the accompanying statement of unaudited financial results of Ramsarup Industries Limited ('the Company') for the quarter and six months ended 30th September 2020 ('the Statement'), being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements Regulations, 2015) ('SEBI Regulations') as modified by SEBI Circular No. CIR/CFD/FAC/62/2016 dated 05th July 2016.
2. The preparation of the Statement in accordance with the recognition and measurement principals laid down in Indian Accounting Standards (Ind AS) 34 "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated 05th July 2016, including the creation and maintenance of all accounting and other records supporting its contents is the responsibility of the Company's Management and have been reviewed by the erstwhile Board of Directors along as well as the present Company Personnel and provided to the Resolution Professional. The Company's Management had been responsible for the designing, implementing and maintaining internal control relevant to the preparation and presentation of the Statement, and applying an appropriate basis of preparation; and making estimates that are reasonable in the circumstances and has been approved by the present company personnel. Our responsibility is to issue a report on these financial statements based on our review.
3. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review, to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. We draw attention to the following points:
 - i) *The Company has incurred loss of Rs. 17.71 crores for the six months ended on 30th September 2020 and negative net worth amounting to Rs. 4,815.47 crores as on 30th September 2020. Thus, it indicates a material uncertainty exists that may cast significant doubt on the company's ability to continue as a Going Concern.*

However, the Corporate Insolvency Resolution Process (CIRP) of the company commenced on January 08, 2018 vide order of the Hon'ble National Company Law Tribunal (NCLT), Kolkata Bench and Mr. Niles Sharma was appointed as the Interim resolution professional of the company. Thereafter, Mr. Kshitiz Chhawchharia vide Hon'ble NCLT's order dated 02.05.2018 was appointed as the Resolution Professional (RP). The resolution plan for the revival of the Company submitted by the consortium of SS Naturals Private Limited and Shyam SEL Limited (referred to as the Resolution Applicant or RA), was approved by the Committee of Creditors of the Company of 06th March 2019. Thereafter, the RP filed an application with the Hon'ble NCLT u/s 30(6) and section 31 of the code for approval of the resolution plan. Subsequently, on 04th September 2019, the Hon'ble NCLT approved the Resolution Plan (approved Resolution Plan) submitted for the revival of the company, binding the company, its employees, members, creditors, coordinators and other stakeholders involved in the Resolution Plan. Upon approval of the Resolution Plan by the Hon'ble NCLT, the corporate insolvency Resolution Process of the Company has ended and accordingly RP has demitted office. Thereafter, a Monitoring Agency (MA) has been constituted comprising of three lenders, two representatives of successful RA and erstwhile RP, for managing the operations of the Company and monitoring the implementation of the Approved Resolution Plan by the Resolution Applicant for revival of the Company. Mr. Kshitiz Chhawchharia, the erstwhile RP, was appointed as the Chairman of the MA (Chairman) in the 3rd Meeting of the MA held on 25th September 2019.

Further, appeals were filed before the Hon'ble National Company Law Appellate Tribunal (NCLAT) by various stakeholders against the Hon'ble NCLT's order dated September 04, 2019 for approval of Resolution Plan. Since the matter was Sub-judice, the Resolution Applicant, being a member of the MA, had mentioned that all matters relating to the Company be taken up for discussion after the disposal of the appeal by Hon'ble NCLAT. Subsequently on March 04, 2021 the Hon'ble NCLAT pass the order dismissing all the aforesaid appeals and directed the Monitoring Agency to immediately start taking steps for implementation of the Resolution Plan.

Thereafter, an appeal was filed in the Hon'ble Supreme Court by the Resolution Applicant and other stakeholders. The Appeal of the Resolution Applicant and other stakeholders were dismissed by the Hon'ble court vide order dated 04th May 2021 and 2nd July 2021 respectively.

Post the order of Hon'ble Supreme Court, the successful RA has taken the necessary steps to implement the approved resolution plan.

The RA has already funded the CIRP cost and Workmen Dues in line with the approved resolution plan.

As per the approved resolution plan it is the RA's liability to meet the expenses incurred for the day-to-day activities of the company after the completion of the CIRP. The RA has been complying with the same by continuously funding the accounts of the Company with the operational expenses since May, 2021 (post the order of Hon'ble Supreme Court).

The RA has also paid towards the renewal of insurance of the assets of the Company.

Thus, on the basis of the above-mentioned points the Company is confident of revival under the provisions of Insolvency and Bankruptcy Code, 2016 (IBC) and Approved Resolution Plan, as such, the accounts have been prepared on a Going Concern basis.

- ii) As per section 134 of the Companies Act, 2013, the financial statements of the Company are required to be authenticated by the Chairperson of the Board of Directors, where authorized by the Board or at least two directors, of which one shall be managing director or the CEO (being a director), the CFO and Company Secretary where they are appointed. The Company has not appointed CFO and Company Secretary. These financial statements of the Company for the quarter ended 30th September 2020 pertains to period during CIRP. Pursuant to the Hon'ble NCLT order for commencement of the CIRP and in line with the provisions of the Code, the powers of the Board of Directors stand suspended and be exercised by IRP / RP. These financial statements for the quarter ended 30th September 2020 have been prepared with the assistance of erstwhile management of the Company. In view thereof, the Monitoring Agency has relied upon the assistance provided by the Erstwhile Managing Director in review of the financial results and certifications, representations and statements made by the Company in relation to these financial statements. These financial statements have been signed by the Authorized Representative of the Monitoring Agency (duly authorized by the MA). These financial statements have been adopted by the MA while exercising the powers of the Board of Directors of the Company, in good faith, solely for the purpose of compliance and discharging their duties which has been conferred upon them as per the terms of the approved resolution plan.
- iii) Manufacturing activities at its unit Ramsarup Utpadak at Shyamnagar have been suspended since August 2012 and physical possession has already been taken by WBIDC as term lender. Thereafter, post commencement of CIRP i.e., January 8, 2018 the Resolution professional had taken possession of the unit, post which the resolution plan was approved by NCLT vide order dated September 04, 2019. The same is currently pending implementation.
- iv) The Company has four manufacturing units at Kalyani, Shyamnagar, Kharagpur, and Durgapur, all of which are under the suspension of work for the last few years. Detail Physical Verifications of fixed assets and inventories could not be conducted by the present company personnel. We have also not been able to obtain sufficient appropriate audit evidences (SAAE's) in respect of existence and valuation of fixed assets and inventories lying at these factories.
- v)
- (a) Since manufacturing activities of the company have been suspended at all of its manufacturing units. There are indications which suggest impairment in the value of Plant & Machinery and other Fixed Assets of the company which has not been done.
- (b) Windmill at Dhule, financed by IREDA. In view of possession being taken under SARFAESI Act, 2002, the Lender has auctioned the Windmill in favour of M/s Suzlon Global Services Limited and Sales Certificate has been issued.

We are given to understand that though Sales Certificates has been issued by IREDA but legal transfer has not been done. In the meanwhile, the company has filed an SA & IA challenging the above auction. As on the reporting date, matter was under dispute under DRT, Aurangabad during the reporting period wherein the tribunal passed an order in favour of the Company. IREDA has challenged the mentioned order in DRAT, Mumbai wherein the Tribunal directed the parties to maintain 'Status Quo'.

- vi) *Borrowings from banks and financial institutions have been classified as Non-Performing Assets (NPA) by the lenders. Neither any balance confirmation with respect to the outstanding loans could be obtained nor has any bank statement been provided by them. In absence of the same, we are unable to confirm the accuracy of the balances appearing in the books of accounts. As the borrowings have been considered NPA, no interest has been charged by the banks since then. As per the provisions of IBC, 2016, the lenders have claimed the outstanding amount with respect to the loan disbursed by them. The claimed amount is inclusive of interest till the date of CIRP commencement i.e., 08th January 2018, which has been accounted for. Interest or any other charges has not been accrued in the books of accounts from the date of commencement of CIR Process, i.e., 08th January, 2018 onwards, on account of moratorium u/s 14 of IBC.*
- vii) *The Company has made Investment in the Equity of Moira Madhujore Coal Ltd. to whom the Coal block at Moira Madhujore was allotted jointly with their beneficiaries. Due to various reasons, the Coal Mines are deallocated in future and the rights in Coal Block and investment thereon is likely to be affected. Hence, Hence, value of the investment has been considered at a nominal amount of Re 1/- share.*
5. Based on our review conducted as above, subject to paragraph 4 above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results prepared in accordance with applicable Indian Accounting Standards specified in Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with Circular No. CIR/CFD/FAC/62/2016 dated 05th July 2016 including the manner in which it is to be disclosed, or that it contains any material misstatement.

Notes :

- 1 The financial results for the Company for the quarter ended 31 December 2020 has been approved by the Monitoring Agency of the Company while discharging the powers of the Board of Directors of the Company which has been conferred upon the Monitoring Agency in terms of the provisions of the Resolution Plan as approved by the Hon'ble NCLT on 04 Sep 2019. The said results have been reviewed by the statutory auditors.
- 2 The Ind AS compliant corresponding figures in the previous period has not been subjected to review / audit. However the Company has exercised necessary due diligence to ensure that such results provide a true and fair view of its affairs.
- 3 This statement has been prepared in accordance with the Companies (Indian Accounting Standards) Rules, 2015 (Ind AS) prescribed under section 133 of the Companies Act, 2013 and other recognised accounting practices and policies to the extent applicable.
- 4 The format for un-audited quarterly results as prescribed in SEBI's Circular CIR/CFD/CMD/15/2015 dated 30th November 2015 has been modified to comply with requirements of SEBI's Circular dated 5th July 2016, Ind AS and Schedule III (Division II) to the Companies Act, 2013 are applicable to the Companies that are required to comply with Ind AS.
- 5 The Statutory Auditor of the company has carried out limited review of the financial results with the following observation:
 - a) Manufacturing activities at its unit Ramsarup Utpadak at Shyamnagar has been suspended since August 2012 and physical possession has already been taken by WBIDC as term lender. Thereafter, post commencement of CIRP i.e. January 8, 2018 the Resolution professional had taken possession of the unit, post which the the resolution plan was approved by NCLT vide order dated September 04,2019. The same is currently pending implementation.
 - b) IREDA has taken action u/s 13 (4) of SARFAESI Act, 2002 on one of the units i.e Ramsarup Vidyut, Dhule and have taken physical possession on 17.03.2015 . Thereafter IREDA has without following the laws of SARFAESI Act auctioned the Windmill to Sole Bidder M/s Suzlon Global Services Ltd. on 17.03.2017. The above matter is sub-Judice before Ld. Debt Recovery Appellate Tribunal, Mumbai, Maharashtra and the company is confident of getting the order in its favour.
 - c) Some of the bankers of the Company had taken action u/s 13(4) of SARFAESI Act, 2002 against Three (3) units of the company i.e. (i) Ramsarup Industrial Corporation, Kalyani, (ii) Ramsarup Nirmaan Wires, Durgapur and (iii) Ramsarup Lohh Udyog, Kharagpur, and their Legal possession were taken over by them. Out of the above, ARCIL has taken physical possession of one of its three units i.e., Ramsarup Lohh Udyog, Kharagpur during the 3rd Quarter, 2015. Thereafter, post commencement of CIRP i.e. January 8, 2018 the Resolution professional had taken possession of all the units, post which the the resolution plan was approved by NCLT vide order dated September 04,2019. The same is currently pending implementation.
 - d) As stated above, some of the lender banks had already assigned their debts together with the underlying securities, rights, title and interest thereon to some Asset Re-construction Companies (ARCs) registered with the RBI pursuant to Section 3 of the SARFAESI Act 2002, wherein in some cases, legal / physical possession had been taken over by them. Thereafter, post commencement of CIRP i.e. January 8, 2018 the Resolution professional had taken possession of all the units, post which the resolution plan was approved by NCLT vide order dated September 04,2019. The same is currently pending implementation.

6 Attention is invited to the following:-

a) The National Company Law Tribunal ('Hon'ble NCLT'), Kolkata Bench, vide its order dated on 8 January 2018 ('Insolvency Commencement Date') has initiated Corporate Insolvency Resolution Process ('CIRP') under section 10 of the Insolvency and Bankruptcy Code, 2016 ('Code'). Mr. Nilesh Sharma was appointed as Interim Resolution Professional ('IRP') to manage affairs of the Company in accordance with the provisions of Code. In the first meeting of Committee of Creditors ('CoC') held on 7 February 2018 and vide Hon'ble NCLT's order dated 02 May 2018, Mr. Kshitiz Chhawchharia was appointed as the Resolution Professional ('RP') of the Company. Pursuant to the order the powers of the Board of Directors was suspended and were exercised by the IRP/RP. Further, during the CIRP Expression of Interest were sought from the prospective Resolution Applicants (PRAs) to submit the Resolution Plan for the Company. Subsequently, the resolution plan submitted by the consortium of SS Naturals Private Limited and Shyam SEL Limited (referred to as the 'Resolution Applicant' or 'RA'), was approved by the CoC of the Company on 06 March 2019 and subsequently by the Hon'ble NCLT on 04 September 2019.

b) Post Hon'ble NCLT's order the CIRP of the company has ended and accordingly RP has demitted office. The company is continuing to operate as a going concern in terms of the approved resolution plan. A Monitoring Agency ('MA') has been constituted comprising of 3 lenders, 2 representatives of RA and the erstwhile RP, for managing the operations of the Company and monitoring the implementation of the Approved Resolution Plan by the Resolution Applicant for revival of the Corporate Debtor. Mr. Kshitiz Chhawchharia, the erstwhile RP ('Ex-RP'), was appointed as the Chairman of the MA ('Chairman') in the third meeting of the MA held on 25 September 2019. Currently, there has been a deadlock between certain lenders and Resolution Applicant on key issues relating to plan implementation. Thereafter, certain applications are filed before the Hon'ble NCLT and are pending adjudication.

c) As the powers of the Board of Directors have been suspended, these financial results have been adopted by the Monitoring Agency while exercising the powers of the Board of Directors of the Company, in good faith, solely for the purpose of compliance and discharging their duties which has been conferred upon them as per the terms of the approved resolution plan. These financial statements for the quarter ended 31 Dec 2020 have been prepared with the assistance of erstwhile management of the Company. In view thereof, the Monitoring Agency has relied upon the assistance provided by the Erstwhile Managing Director in review of the financial results and certifications, representations and statements made by the Company in relation to these financial statements.

7 The Company has made Investment in the Equity of Moira Madhujore Coal Ltd. to whom the Coal Block at Moira Madhujore was allotted jointly with other beneficiaries and subsequently due to various reasons, the Coal Mine has been deallocated and the rights in coal block and investment thereon is likely to be affected. Hence, value of the investment has been considered at a nominal amount of Re 1/- share.

8 On account of moratorium under section 14 of Insolvency and Bankruptcy Code 2016 interest has not been provided for on borrowings from the date of commencement of CIRP

9 There has been no operation in any of the segment, but there has been some realisation during the nine months ended 31 December 2020 from some the segment relating to previous years, hence, segment reporting as per Ind AS 108 (Corresponding to AS-17) has been carried out. The income realised is income from other sources.

10 In respect of following transactions, the Company has performed their internal assessment and concluded that no separate adjustments are required under Ind AS:

Limited Review Report

To
**The Monitoring Agency,
Ramsarup Industries Limited
Kolkata**

1. We have reviewed the accompanying statement of unaudited financial results of Ramsarup Industries Limited ('the Company') for the quarter and nine months ended 31st December 2020 ('the Statement'), being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements Regulations, 2015) ('SEBI Regulations') as modified by SEBI Circular No. CIR/CFD/FAC/62/2016 dated 05th July 2016.
2. The preparation of the Statement in accordance with the recognition and measurement principals laid down in Indian Accounting Standards (Ind AS) 34 "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 read with SEBI Circular No. CIR/CFD/FAC/62/2016 dated 05th July 2016, including the creation and maintenance of all accounting and other records supporting its contents is the responsibility of the Company's Management and have been reviewed by the erstwhile Board of Directors along as well as the present Company Personnel and provided to the Resolution Professional. The Company's Management had been responsible for the designing, implementing and maintaining internal control relevant to the preparation and presentation of the Statement, and applying an appropriate basis of preparation; and making estimates that are reasonable in the circumstances and has been approved by the present company personnel. Our responsibility is to issue a report on these financial statements based on our review.
3. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review, to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provides less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. We draw attention to the following points:
 - i) *The Company has incurred loss of Rs. 26.70 crores for the nine months ended on 31st December 2020 and negative net worth amounting to Rs. 4,824.46 crores as on 31st December 2020. Thus, it indicates a material uncertainty exists that may cast significant doubt on the company's ability to continue as a Going Concern.*

However, the Corporate Insolvency Resolution Process (CIRP) of the company commenced on January 08, 2018 vide order of the Hon'ble National Company Law Tribunal (NCLT), Kolkata Bench and Mr. Niles Sharma was appointed as the interim resolution professional of the company. Thereafter, Mr. Kshitiz Chhawchharia vide Hon'ble NCLT's order dated 02.05.2018 was appointed as the Resolution Professional (RP). The resolution plan for the revival of the Company submitted by the consortium of SS Naturals Private Limited and Shyam SEL Limited (referred to as the Resolution Applicant or RA), was approved by the Committee of Creditors of the Company of 06th March 2019. Thereafter, the RP filed an application with the Hon'ble NCLT u/s 30(6) and section 31 of the code for approval of the resolution plan. Subsequently, on 04th September 2019, the Hon'ble NCLT approved the Resolution Plan (approved Resolution Plan) submitted for the revival of the company, binding the company, its employees, members, creditors, coordinators and other stakeholders involved in the Resolution Plan. Upon approval of the Resolution Plan by the Hon'ble NCLT, the corporate insolvency Resolution Process of the Company has ended and accordingly RP has demitted office. Thereafter, a Monitoring Agency (MA) has been constituted comprising of three lenders, two representatives of successful RA and erstwhile RP, for managing the operations of the Company and monitoring the implementation of the Approved Resolution Plan by the Resolution Applicant for revival of the Company. Mr. Kshitiz Chhawchharia, the erstwhile RP, was appointed as the Chairman of the MA (Chairman) in the 3rd Meeting of the MA held on 25th September 2019.

Further, appeals were filed before the Hon'ble National Company Law Appellate Tribunal (NCLAT) by various stakeholders against the Hon'ble NCLT's order dated September 04, 2019 for approval of Resolution Plan. Since the matter was Sub-judice, the Resolution Applicant, being a member of the MA, had mentioned that all matters relating to the Company be taken up for discussion after the disposal of the appeal by Hon'ble NCLAT. Subsequently on March 04, 2021 the Hon'ble NCLAT pass the order dismissing all the aforesaid appeals and directed the Monitoring Agency to immediately start taking steps for implementation of the Resolution Plan.

Thereafter, an appeal was filed in the Hon'ble Supreme Court by the Resolution Applicant and other stakeholders. The Appeal of the Resolution Applicant and other stakeholders were dismissed by the Hon'ble court vide order dated 04th May 2021 and 2nd July 2021 respectively.

Post the order of Hon'ble Supreme Court, the successful RA has taken the necessary steps to implement the approved resolution plan.

The RA has already funded the CIRP cost and Workmen Dues in line with the approved resolution plan.

As per the approved resolution plan it is the RA's liability to meet the expenses incurred for the day-to-day activities of the company after the completion of the CIRP. The RA has been complying with the same by continuously funding the accounts of the Company with the operational expenses since May, 2021 (post the order of Hon'ble Supreme Court).

The RA has also paid towards the renewal of insurance of the assets of the Company.

Thus, on the basis of the above-mentioned points the Company is confident of revival under the provisions of Insolvency and Bankruptcy Code, 2016 (IBC) and Approved Resolution Plan, as such, the accounts have been prepared on a Going Concern basis.

- ii) As per section 134 of the Companies Act, 2013, the financial statements of the Company are required to be authenticated by the Chairperson of the Board of Directors, where authorized by the Board or at least two directors, of which one shall be managing director or the CEO (being a director), the CFO and Company Secretary where they are appointed. The Company has not appointed CFO and Company Secretary. These financial statements of the Company for the quarter ended 31st December 2020 pertains to period during CIRP. Pursuant to the Hon'ble NCLT order for commencement of the CIRP and in line with the provisions of the Code, the powers of the Board of Directors stand suspended and be exercised by IRP / RP. These financial statements for the quarter ended 31st December 2020 have been prepared with the assistance of erstwhile management of the Company. In view thereof, the Monitoring Agency has relied upon the assistance provided by the Erstwhile Managing Director in review of the financial results and certifications, representations and statements made by the Company in relation to these financial statements. These financial statements have been signed by the Authorized Representative of the Monitoring Agency (duly authorized by the MA). These financial statements have been adopted by the MA while exercising the powers of the Board of Directors of the Company, in good faith, solely for the purpose of compliance and discharging their duties which has been conferred upon them as per the terms of the approved resolution plan.
- iii) Manufacturing activities at its unit Ramsarup Utpadak at Shyamnagar have been suspended since August 2012 and physical possession has already been taken by WBIDC as term lender. Thereafter, post commencement of CIRP i.e., January 8, 2018 the Resolution professional had taken possession of the unit, post which the resolution plan was approved by NCLT vide order dated September 04, 2019. The same is currently pending implementation.
- iv) The Company has four manufacturing units at Kalyani, Shyamnagar, Kharagpur, and Durgapur, all of which are under the suspension of work for the last few years. Detail Physical Verifications of fixed assets and inventories could not be conducted by the present company personnel. We have also not been able to obtain sufficient appropriate audit evidences (SAAE's) in respect of existence and valuation of fixed assets and inventories lying at these factories.
- v)
- (a) Since manufacturing activities of the company have been suspended at all of its manufacturing units. There are indications which suggest impairment in the value of Plant & Machinery and other Fixed Assets of the company which has not been done.
- (b) Windmill at Dhule, financed by IREDA. In view of possession being taken under SARFAESI Act, 2002, the Lender has auctioned the Windmill in favour of M/s Suzlon Global Services Limited and Sales Certificate has been issued.

We are given to understand that though Sales Certificates has been issued by IREDA but legal transfer has not been done. In the meanwhile, the company has filed an SA & IA challenging the above auction. As on the reporting date, matter was under dispute under DRT, Aurangabad during the reporting period wherein the tribunal passed an order in favour of the Company. IREDA has challenged the mentioned order in DRAT, Mumbai wherein the Tribunal directed the parties to maintain 'Status Quo'.

- vi) *Borrowings from banks and financial institutions have been classified as Non-Performing Assets (NPA) by the lenders. Neither any balance confirmation with respect to the outstanding loans could be obtained nor has any bank statement been provided by them. In absence of the same, we are unable to confirm the accuracy of the balances appearing in the books of accounts. As the borrowings have been considered NPA, no interest has been charged by the banks since then. As per the provisions of IBC, 2016, the lenders have claimed the outstanding amount with respect to the loan disbursed by them. The claimed amount is inclusive of interest till the date of CIRP commencement i.e., 08th January 2018, which has been accounted for. Interest or any other charges has not been accrued in the books of accounts from the date of commencement of CIR Process, i.e., 08th January, 2018 onwards, on account of moratorium u/s 14 of IBC.*
- vii) *The Company has made investment in the Equity of Moira Madhujore Coal Ltd. to whom the Coal block at Moira Madhujore was allotted jointly with their beneficiaries. Due to various reasons, the Coal Mines are deallocated in future and the rights in Coal Block and investment thereon is likely to be affected. Hence, Hence, value of the investment has been considered at a nominal amount of Re 1/- share.*
5. Based on our review conducted as above, subject to paragraph 4 above, nothing has come to our attention that causes us to believe that the accompanying Statement of unaudited financial results prepared in accordance with applicable Indian Accounting Standards specified in Section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014 and other recognized accounting practices and policies has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with Circular No. CIR/CFD/FAC/62/2016 dated 05th July 2016 including the manner in which it is to be disclosed, or that it contains any material misstatement.

Notes to standalone financial statements for the year ended March 31, 2021

(All Amounts in INR Lakhs, unless otherwise stated)

1. CORPORATE INFORMATION/OVERVIEW

Ramsarup Industries Limited (“the Company”) is a public company domiciled in India. It is incorporated under the Companies Act, 1956 and its shares are listed in National Stock Exchange (NSE) and Bombay Stock Exchange (BSE). The company has been primarily engaged in production and distribution of Iron & Steel, Wire Products, Pig Iron, Sponge Iron, TMT Bar, Galvanised & Black Wires, Power Generation & Turnkey Projects contracts for various infrastructure projects. The company presently has manufacturing facilities at Kalyani, Shyamnagar, Durgapur & Kharagpur all in West Bengal which due to unfavourable financial position is presently not in operations.

The National Company Law Tribunal (‘Hon’ble NCLT’), Kolkata Bench, vide its order dated on 8 January 2018 (‘Insolvency Commencement Date’) has initiated Corporate Insolvency Resolution Process (‘CIRP’) under section 10 of the Insolvency and Bankruptcy Code, 2016 (‘Code’). Mr. Nilesh Sharma IP Registration No. IBBI/IPA-002/IP-N00104/2017-18/10232 was appointed as Interim Resolution Professional (‘IRP’) to manage affairs of the Company in accordance with the provisions of Code. In the first meeting of Committee of Creditors (‘CoC’) held on 07 February 2018 and vide Hon’ble NCLT’s order dated 02 May 2018, Mr. Kshitiz Chhawchharia IP Registration No. IBBI/IPA-001/IP-P00358/2017-18/10616 was appointed as the Resolution Professional (‘RP’) of the Company (also termed as ‘Corporate Debtor’).

The resolution plan for the revival of the Company submitted by the consortium of SS Naturals Private Limited and Shyam SEL Limited (referred to as the ‘Resolution Applicant’ or ‘RA’), was approved by the CoC of the Company on 6 March 2019. Thereafter, the RP filed an application with the Hon’ble NCLT under Section 30(6) and Section 31 of the Code for approval of the resolution plan. Subsequently, on 04 September 2019, the Hon’ble NCLT approved the Resolution Plan (‘Approved Resolution Plan’) submitted for the revival of Corporate Debtor, binding the Company, its employees, members, creditors, coordinators and other stakeholders involved in the Resolution Plan. Upon approval of the resolution plan by Hon’ble NCLT, the CIR process of the company has ended and accordingly RP has demitted office.

In light of the approval of the Resolution Plan by the Hon’ble NCLT, vide its order dated 04 September 2019, a Monitoring Agency (‘MA’) has been constituted comprising of 3 lenders, 2 representatives of RA and the erstwhile RP, for managing the operations of the Company and monitoring the implementation of the Approved Resolution Plan by the Resolution Applicant for revival of the Corporate Debtor. Mr. Kshitiz Chhawchharia, the erstwhile RP (‘Ex-RP’), was appointed as the Chairman of the MA (‘Chairman’) in the third meeting of the MA held on 25 September 2019.

Currently, there has been a deadlock between certain lenders and Resolution Applicant on key issues. Thereafter, certain applications are filed before the Hon’ble NCLT and are pending adjudication.

As per section 134 of the Companies Act, 2013, the financial statements of the Company are required to be authenticated by the Chairperson of the Board of Directors, where authorised by the Board or at least two directors, of which one shall be managing director or the CEO (being a director), the CFO and Company Secretary where they are appointed. The Company has not appointed CFO and Company Secretary. These financial statements of the Company for the year ended 31 March 2021 pertains to period post completion of CIRP. Pursuant to the Hon’ble NCLT order for commencement of the CIRP and in line with the provisions of the Code, the powers of the Board of Directors stand suspended and be exercised by IRP / RP. These financial statements for the year ended 31 March 2021 have been prepared with the assistance of the erstwhile management of the Company. In view thereof, the Monitoring Agency has relied upon the assistance provided by the Erstwhile Managing Director in review of the financial results and certifications, representations and statements made by the Company in relation to these financial statements.

These financial statements have been signed by the Authorised Representative of the Monitoring Agency (duly authorised by the MA). These financial statements have been adopted by the MA while exercising the powers of the Board of Directors of the Company, in good faith, solely for the purpose of compliance and discharging their duties which has been conferred upon them as per the terms of the approved resolution plan.

The company has incurred substantial losses and its Net worth continues to be eroded further as at the Balance sheet date. In view of the CIRP which got completed vide Hon'ble NCLT order dated 04 September 2019 approving the Resolution Plan, the Company is confident of revival under the provisions of Code and, as such, the accounts have been prepared on a going concern basis.

2. BASIS OF PREPARATION

Since these financial statements belong to the period when the affairs of the Company were being managed and governed by the erstwhile Resolution Professional of the Company, the erstwhile Resolution Professional has continued with the same basis of preparation as adopted by the erstwhile Board of Directors in preparation of financial results for annual financial statements for the earlier years, while highlighting/addressing any material departures as per current conditions and events occurred subsequent to the Balance sheet.

Certain recognition, measurement & disclosures principles and accounting policies have been applied on the basis of requirements of applicable accounting standards as consistent to earlier years, however, all such recognition, measurement and disclosures in these financial statements and other assumptions in basis of preparation of these financial statements should be read together with the note 1 above

A. Statement of compliance

The financial statements of the Company have been prepared in accordance with Indian Accounting Standards (Ind AS) prescribed under section 133 of the Companies Act 2013, read with Companies (Indian Accounting Standard) Rules, as amended time to time.

The financial statements have been prepared on accrual and going concern basis. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

These financial statements are approved for issue by the Board of Directors on 10 March, 2022.

B. Functional and Presentation Currency

The financial statements are presented in Indian Rupees (INR) which is also the Company's functional currency. All values are rounded to the nearest Lacs (INR 00,000), except when otherwise indicated

C. Basis of Measurement

The financial statements of the Company are prepared in accordance with Indian Accounting Standards (Ind AS), under the historical cost convention on the accrual basis as per the Act, except for:

- financial assets are measured either at fair value or at amortised cost depending on the classification
- right-of-use the assets are recognised at the present value of lease payments that are not paid at that date. This amount is adjusted for any lease payments made at or before the commencement date, lease incentives received and initial direct costs, incurred, if any.

D. Use of Estimates and Judgements

The preparation of financial statements in accordance with Ind AS requires use of judgements, estimates and assumptions for some items, which might have an effect on their recognition and measurement in the balance sheet and statement of profit and loss. The actual amounts realized may differ from these estimates. The estimates and the underlying assumptions are reviewed on an ongoing basis.

Judgments, estimates and assumptions are recognised in particular for:

i. Determination of estimated useful lives of property, plant, equipment:

Useful lives of property, plant and equipment are based on nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes and maintenance support and supported by independent assessment by professionals.

ii. Recognition of deferred tax assets:

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases, depreciation carry-forwards and tax credits. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and depreciation carry-forwards could be utilized.

iii. Recognition and measurement of provisions and contingencies

The recognition and measurement of provisions are based on the assessment of the probability of an outflow of resources, and on past experience and circumstances known at the reporting date. The actual outflow of resources at a future date may therefore, vary from the amount included in other provisions.

3. SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the financial statements is as given below. These accounting policies have been applied consistently to all the periods presented in the financial statements.

A summary of the significant accounting policies applied in the preparation of the financial statements is as given below. These accounting policies have been applied consistently to all the periods presented in the financial statements.

Current and non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1, Presentation of Financial Statements.

Assets:

An asset is classified as current when it satisfies any of the following criteria:

- it is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is expected to be realised within twelve months after the reporting date; or
- it is cash or a cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date.

Ph no. 2242 1888, Email: comany@ramsarup.com, Website: www.ramsarup.com

Liabilities:

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled within twelve months after the reporting date; or
- the Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date. Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

Current assets and liabilities include the current portion of non-current assets and liabilities respectively. All other assets and liabilities are classified as non-current. Deferred tax assets and liabilities are always disclosed as non-current.

Operating cycle:

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents. Based on the nature of operations and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle a period of 12 months for the purpose of classification of assets and liabilities as current and non-current.

A. Property, Plant and Equipment

Property, plant and equipment are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, directly attributable cost of bringing the asset to its working condition for the intended use and initial estimate of decommissioning, restoring and similar liabilities. Any trade discounts and rebates are deducted in arriving at the purchase price.

Subsequent expenditure relating to property, plant and equipment is capitalized only when it is probable that future economic benefit associated with these will flow with the Company and the cost of the item can be measured reliably.

Borrowing costs to the extent related/attributable to the acquisition/construction of property, plant and equipment that takes substantial period of time to get ready for their intended use are capitalized up to the date such asset is ready for use.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the Statement of Profit or Loss when the asset is derecognised.

The Company identifies and determines cost of each component/ part of the asset separately, if the component/ part has a cost which is significant to the total cost of the asset and has useful life that is materially different from that of the remaining asset.

Depreciation on plant, property and equipment

Depreciation on property, plant and equipment (except motor vehicles) is provided on straight line method at estimated useful life, which is in line with the estimated useful life as specified in Schedule II of the Companies Act, 2013.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

B. Impairment of property, plant and equipment

The Company assesses at each balance sheet date whether there is any indication that an asset may be impaired, if any such indication exists, the Company estimates the recoverable amount of the assets. If such recoverable amount of asset or recoverable amount of cash generating unit which the asset belongs to, is less than its carrying amount, the carrying amount is reduced to its recoverable amount. The reduction is treated as an impairment loss and is recognized in the Statement of Profit and Loss. If at balance sheet date there is an indication that a previously assessed impaired loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciable historical cost. Recoverable amount is the higher of an asset's or cash generating unit's net selling price and value in use.

C. Revenue Recognition

Ind AS 115 – Revenue from contract with customer

Revenue from contracts with customers is recognised when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods or services. The Company has generally concluded that it is the principal in its revenue arrangements, because it typically controls the goods or services before transferring them to the customer.

The Company applies the five-step approach for recognition of revenue:

- Identification of contract(s) with customers;
- Identification of the separate performance obligations in the contract;
- Determination of the transaction price;
- Allocation of transaction price to the separate performance obligations; and
- Recognition of revenue when (or as) each performance obligation is satisfied.

Revenue from construction contracts

Performance obligation in case of long term construction contracts satisfied over a period of time, since the Company creates an asset that the customer controls as the asset is created and the Company has an enforceable right to payment for performance completed to date if it meets the agreed specifications.

Revenue from long term construction contracts, where the outcome can be estimated reliably is recognized under the percentage of completion method by reference to the stage of completion of the contract activity.

The stage of completion is measured by input method i.e. the proportion that costs incurred to date bear to the estimated total costs of a contract. The percentage-of-completion method (an input method) is the most faithful depiction of the company's performance because it directly measures the value of the services transferred to the customer. The total costs of contracts are estimated based on technical and other estimates. In the event that a loss is anticipated on a particular contract, provision is made for the estimated loss. Contract revenue earned in excess of billing is reflected under as "contract asset" and billing in excess of contract revenue is reflected under "contract liabilities". Retention money receivable from project customers does not contain any significant financing element, these are retained for satisfactory performance of contract.

The major component of contract estimate is "budgeted cost to complete the contract" and on assumption that contract price will not reduce vis-à-vis agreement values. While estimating the various assumptions are considered by management such as:

- Work will be executed in the manner expected so that the project is completed timely;
- Consumption norms will remain same;
- Cost escalation comprising of increase in cost to complete the project are considered as a part of budgeted cost to complete the project etc.

Ph no. 2242 1888, Email: comany@ramsarup.com, Website: www.ramsarup.com

Due to technical complexities involved in the budgeting process, contract estimates are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Dividend and Interest Income

Dividend income is recognised when the right to receive payment is established. Interest income is recognised using the effective interest method.

D. Investments in subsidiaries, associates and joint ventures

The investments in subsidiaries, are carried in these financial statements at historical 'cost'. Where the carrying amount of an investment is greater than its estimated recoverable amount, it is written down immediately to its recoverable amount and the difference is transferred to the Statement of Profit and Loss. On disposal of investment, the difference between the net disposal proceeds and the carrying amount is charged or credited to the Statement of Profit and Loss.

E. Borrowing cost

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use. Other borrowing costs are expensed in the period in which they are incurred.

F. Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

As a Lessee

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the earlier of the end of the useful life of the right-of-use asset or the end of the lease term. In addition, the right-of-use asset is periodically reduced by impairment losses, if any, and adjusted for certain re-measurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, Company's incremental borrowing rate. Generally, the Company uses its incremental borrowing rate as the discount rate.

Lease payments included in the measurement of the lease liability comprise the following:

- Fixed payments, including in-substance fixed payments;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;

RAMSARUP INDUSTRIES LIMITED

- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the Company is reasonably certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortised cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if Company changes its assessment of whether it will exercise a purchase, extension or termination option.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The Company presents right-of-use assets that do not meet the definition of investment property and hence disclosed in 'property, plant and equipment' and lease liabilities in as a separate line item in the statement of financial position.

On application of Ind AS 116, the nature of expenses has changed from lease rent in previous periods to depreciation cost for the right-to-use asset, and finance cost for interest accrued on lease liability.

Short-term leases and leases of low-value assets

The Company has elected not to recognise right-of-use assets and lease liabilities for leases of properties that are having non-cancellable lease term of less than 12 months. The Company recognises the lease payments associated with these leases as an expense on a straight-line basis over the lease term.

As a Lessor

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor it accounts for its interests in the head lease and the sub-lease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

Transition

Effective April 1, 2019 the Company has adopted Ind AS 116 – Leases, which requires any lease arrangement to be recognized in the balance sheet of the lessee as a 'right-of-use' asset with a corresponding lease liability. Similarly, interest expense has been recognized on lease liabilities under finance costs. As required by the standard, the Company has applied modified retrospective approach this w.e.f. April 1, 2019 and comparatives for the previous period/year have not been restated.

G. Financial Instruments

i. Classification of financial instruments

The Company classifies its financial assets into the following measurement categories:

RAMSARUP INDUSTRIES LIMITED

CIN: L65993WB1979PLC032113

Regd. Office: - 7C, Kiran Shankar Roy Road, Hastings Chambers, 2nd Floor, Room No. 1 Kolkata 700 001.

Ph no. 2242 1888, Email: comany@ramsarup.com, Website: www.ramsarup.com

- Financial assets to be measured at amortised cost
- Financial assets to be measured at fair value through other comprehensive income
- Financial instruments to be measured at fair value through profit or loss account

The classification depends on the contractual terms of the cashflows of the financial assets and the Company's business model for managing financial assets which are explained below:

Business model assessment

The Company determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity's key management personnel
- The risks that affect the performance of the business model (and the financial assets held within that business model) and the way those risks are managed
- How managers of the business are compensated (for example, whether the compensation is based on the fair value of the assets managed or on the contractual cash flows collected)
- The expected frequency, value and timing of sales are also important aspects of the Company's assessment. The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company's original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

The Solely Payments of Principal and Interest (SPPI) test

As a second step of its classification process the Company assesses the contractual terms of financial assets to identify whether they meet the SPPI test.

'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium/discount).

In making this assessment, the Company considers whether the contractual cash flows are consistent with a basic lending arrangement i.e. interest includes only consideration for the time value of money, credit risk, other basic lending risks and a profit margin that is consistent with a basic lending arrangement. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with a basic lending arrangement, the related financial asset is classified and measured at fair value through profit or loss.

The Company classifies its financial liabilities at amortised costs unless it has designated liabilities at fair value through the profit and loss account or is required to measure liabilities at fair value through profit or loss such as derivative liabilities.

RAMSARUP INDUSTRIES LIMITED

Ph no. 2242 1888, Email: comany@ramsarup.com, Website: www.ramsarup.com

ii. Financial assets at Amortised Cost:

The Company classifies the financial assets at amortised cost if the contractual cash flows represent solely payments of principal and interest on the principal amount outstanding and the assets are held under a business model to collect contractual cash flows. The gains and losses resulting from fluctuations in fair value are not recognised for financial assets classified in amortised cost measurement category.

iii. Financial assets at Fair value through Other Comprehensive Income (FVOCI):

The Company classifies the financial assets as FVOCI if the contractual cash flows represent solely payments of principal and interest on the principal amount outstanding and the Company's business model is achieved by both collecting contractual cash flow and selling financial assets. In case of debt instruments measured at FVOCI, changes in fair value are recognised in other comprehensive income. The impairment gains or losses, foreign exchange gains or losses and interest calculated using the effective interest method are recognised in profit or loss. On de-recognition, the cumulative gain or loss previously recognised in other comprehensive income is reclassified from equity to profit or loss as a reclassification adjustment. In case of equity instruments irrevocably designated at FVOCI, gains / losses including relating to foreign exchange, are recognised through other comprehensive income. Further, cumulative gains or losses previously recognised in other comprehensive income remain permanently in equity and are not subsequently transferred to profit or loss on derecognition.

iv. Financial Instruments at Fair Value through Profit and Loss Account (FVTPL)

Items at fair value through profit or loss comprise:

- Investments (including equity shares) held for trading;
- Items specifically designated as fair value through profit or loss on initial recognition; and
- Debt instruments with contractual terms that do not represent solely payments of principal and interest.

Financial instruments held at fair value through profit or loss are initially recognised at fair value, with transaction costs recognised in the statement of profit and loss as incurred. Subsequently, they are measured at fair value and any gains or losses are recognised in the statement of profit and loss as they arise.

Financial instruments held for trading

A financial instrument is classified as held for trading if it is acquired or incurred principally for selling or repurchasing in the near term, or forms part of a portfolio of financial instruments that are managed together and for which there is evidence of short-term profit taking.

Financial instruments designated as measured at fair value through profit or loss

Upon initial recognition, financial instruments may be designated as measured at fair value through profit or loss. A financial asset may only be designated at fair value through profit or loss if doing so eliminates or significantly reduces measurement or recognition inconsistencies (i.e. eliminates an accounting mismatch) that would otherwise arise from measuring financial assets or liabilities on a different basis. As at the reporting date, the Company does not have any financial instruments designated as measured at fair value through profit or loss.

RAMSARUP INDUSTRIES LIMITED

CIN: L65993WB1979PLC032113

Regd. Office: - 7C, Kiran Shankar Roy Road, Hastings Chambers, 2nd Floor, Room No. 1 Kolkata 700 001.

Ph no. 2242 1888, Email: comany@ramsarup.com, Website: www.ramsarup.com

A financial liability may be designated at fair value through profit or loss if it eliminates or significantly reduces an accounting mismatch or:

- if a host contract contains one or more embedded derivatives;
or
- if financial assets and liabilities are both managed and their performance evaluated on a fair value basis in accordance with a documented risk management or investment strategy.

Where a financial liability is designated at fair value through profit or loss, the movement in fair value attributable to changes in the Company's own credit quality is calculated by determining the changes in credit spreads above observable market interest rates and is presented separately in other comprehensive income. As at the reporting date, the Company has not designated any financial instruments as measured at fair value through profit or loss.

v. Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the statement of profit and loss.

vi. Derecognition of financial assets and financial liabilities

Recognition

- a) Loans and Advances are initially recognised when the funds are transferred to the customers' account or delivery of assets by the dealer, whichever is earlier.
- b) Investments are initially recognised on the settlement date.
- c) Borrowings are initially recognised when funds reach the Company.
- d) Other Financial assets and liabilities are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place.

Derecognition of financial assets due to substantial modification of terms and conditions:

The Company derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be Purchased or Originated as Credit Impaired (POCI).

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Company records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

Ph no. 2242 1888, Email: comany@ramsarup.com, Website: www.ramsarup.com

Derecognition of financial assets other than due to substantial modification:

a) Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if, and only if, either:

- i. The Company has transferred its contractual rights to receive cash flows from the financial asset, or
- ii. It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement.

b) Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss. As at the reporting date, the Company does not have any financial liabilities which have been derecognised.

vii. Financial guarantees contracts

Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS109 and the amount recognised less cumulative amortisation.

viii. Derivative financial instruments

Derivative financial instruments such as forward contracts are taken by the company to hedge its foreign currency risks, are initially recognised at fair value on the date a derivative contract is entered into and are subsequently re-measured at their fair value with changes in fair value recognised in the Statement of Profit and Loss in the period when they arise (other than in case of hedge accounting).

ix. Offsetting of Financial Instruments

Financial assets and financial liabilities are offset and the net amount is reported in the Balance Sheet if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, to realise an asset and settle the liabilities simultaneously.

x. Equity Instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity in accordance with the substance of the contractual arrangements. These are recognized at the amount of the proceeds received, net of direct issue costs.

H. Impairment of Financial Assets

In accordance with Ind AS 109, Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- Financial assets carried at amortised cost e.g., advances, debt securities, deposits and Company balance
- Financial assets that are debt instruments and are measured as at FVTOCI
- Loan commitments which are not measured as at FVTPL, financial guarantee contracts which are not measured as at FVTPL

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate. When estimating the cash flows, a Company is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the Company is required to use the remaining contractual term of the financial instrument.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms

I. Determination of Fair Value

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

- Level1: Quoted prices (unadjusted) in active market for identical assets or liabilities.
- Level2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (e.g. as prices) or indirectly (e.g. derived from the prices).
- Level3: Inputs for the current assets or liability that are not based on observable market data (unobservable inputs).

J. Retirement and other employee benefits

i. Defined Contribution schemes

The employees of the Company who have opted, are entitled to receive benefits under the Provident Fund Scheme and Employee Pension Scheme, defined contribution plans in which both the employee and the Company contribute monthly at a stipulated rate. The Company has no liability for future benefits other than its annual contribution and recognises such contributions as an expense in the period in which employee renders the related service. If the contribution payable to the scheme for service received before the Balance Sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid.

ii. Defined benefit plans

Provision for Gratuity is recorded on the basis of actuarial valuation certificate provided by the actuary using Projected Unit Credit Method.

The calculation of defined benefit obligations is performed annually by a qualified actuary using the projected unit credit method. When the calculation results in a potential asset for the Company, the recognised asset is limited to the present value of economic benefits available in the form of any future refunds from the plan or reductions in future contributions to the plan. To calculate the present value of economic benefits, consideration is given to any applicable minimum funding requirements.

Any changes in the liabilities over the year due to changes in actuarial assumptions or experience adjustments within the plans, are recognised immediately in 'Other comprehensive income' and subsequently not reclassified to the Statement of Profit and Loss. Net interest expense / (income) on the defined liability / (assets) is computed by applying the discount rate, used to measure the net defined liability / (asset). Net interest expense and other expenses related to defined benefit plans are recognised in the Statement of Profit and Loss.

When the benefits of a plan are changed or when a plan is curtailed, the resulting change in benefit that relates to past service or the gain or loss on curtailment is recognised immediately in the Statement of Profit and Loss. The Company recognises gains and losses on the settlement of a defined benefit plan when the settlement occurs.

K. Inventories

Traded goods are valued at lower of cost or net realizable value. Cost includes purchase price, freight inwards and other expenditure incurred in bringing such inventories to their present location and condition. Cost of traded goods is determined on a First in First Out (FIFO) basis.

Net realizable value (NRV) is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

L. Income taxes

Income tax expense comprises of current and deferred tax.

Current tax

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Deferred tax

Deferred income taxes reflect the impact of temporary timing differences between taxable income and accounting income originating during the current year and reversal of timing differences for the earlier years. Deferred tax is measured using the tax rates and the tax laws enacted or substantively enacted at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary timing differences. Deferred tax assets are recognized for deductible temporary timing differences only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

At each reporting date, the Company re-assesses unrecognized deferred tax assets. It recognizes unrecognized deferred tax asset to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

The carrying amount of deferred tax assets are reviewed at each reporting date. The Company writes-down the carrying amount of deferred tax asset to the extent that it is no longer reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which deferred tax asset can be realized. Any such write-down is reversed to the extent that it becomes reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available.

M. Finance Costs

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of lease liabilities and financial liabilities other than financial liabilities classified as FVTPL.

The EIR is computed

- At the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- By considering all the contractual terms of the financial instrument in estimating the cash flows.
- Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

Interest expense includes issue costs that are initially recognised as part of the carrying value of the financial liability and amortised over the expected life using the effective interest method.

N. Foreign currency transactions and balances

i. Initial recognition:

Foreign currency transactions are recorded in the reporting currency (which is Indian Rupees), by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

ii. Conversion:

Foreign currency monetary items are retranslated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

iii. Exchange differences:

All exchange differences arising on settlement or translation of monetary items are recognized as income or as expenses in the period in which they arise.

O. Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

P. Segmental Reporting

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, whose operating results are regularly reviewed by the Company's chief operating decision maker to make decisions for which discrete financial information is available. Based on the management approach as defined in Ind AS 108, the chief operating decision maker evaluates the Company's performance and allocates resources based on an analysis of various performance indicators by business segments and geographic segments.

The Joint Managing Directors of the Company assesses the financial performance and position of the Company and make strategic decisions and hence has been identified as being chief operating decision maker.

Q. Provisions

A provision is recognized when the Company has a present obligation as a result of past event; it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made of the amount of obligation.

Provisions are not discounted to its present value and are determined based on best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and are adjusted to reflect the current best estimates.

R. Contingent liabilities and Assets

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognized because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognized because it cannot be measured reliably. The Company does not recognize a contingent liability but discloses its existence in the financial statements. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.S

Contingent assets are not recognised in the financial statements if the inflow of the economic benefit is probable than it is disclosed in the financial statements.

S. Cash and cash equivalents

Cash and cash equivalents for the purposes of cash flow statement comprise cash at bank and in hand and short-term investments with an original maturity of three months or less.

4. STANDARDS ISSUED BUT NOT EFFECTIVE

The amendments are proposed to be effective for reporting periods beginning on or after April 1, 2021:

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards. There is no such notification which would have been applicable from April 1, 2021.

39 Capital Management

The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and maximize shareholder value. The Company manages its capital structure and makes adjustments in light of changes in economic conditions, annual operating plans and long term and other strategic investment plans. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue new shares. The Company is not subject to any externally imposed capital requirements. The Company monitors capital using a ratio of 'adjusted net debt' to 'equity'. For this purpose, adjusted net debt is defined as total liabilities, comprising interest-bearing loans and borrowings less cash and cash equivalents. Equity comprises all components of equity including share premium and all other equity reserves attributable to the equity share holders.

Normal business operations of the Company have ceased, and the Monitoring Agency has undertaken certain steps for resolution of existing obligations. The Company has defaulted in respect of several of its loan obligations.

The Company's adjusted net debt to equity ratio is as follows.

Particulars	As at 31 March 2021	As at 31 March 2020
Debt	594,992.05	594,645.00
Less: cash and cash equivalents	(159.78)	(197.76)
Adjusted net debt	594,832.27	594,447.24
Total Equity	(483,374.24)	(479,776.05)
Adjusted net debt to adjusted equity ratio	(1.23)	(1.24)

This note should be read together with Note 1, about commencement of CIR Process. As of 31st March 2021, the company has defaulted on the borrowings (Refer note 22)

40 Financial Risk Management

The Company has in place comprehensive risk management policy in order to identify measure, monitor and mitigate various risks pertaining to its business. They help in achieving the business goals and objectives consistent with the Company's strategies to prevent inconsistencies and gaps between its policies and practices. The Company's financial risk management is an integral part of how to plan and execute its business strategies.

The Company has exposure to the following risks arising from financial instruments:

- Credit risk
- Liquidity risk and
- Market risk

(A) Credit Risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's trade and other receivables. The carrying amounts of financial assets represent the maximum credit risk exposure.

Normal business operations of the Company have ceased as a result of which the receivables of the Company and the loans given by the Company have been substantially impaired.

(B) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

This note should be read along with Note 1, about commencement of CIR Process.

(i) Maturities of financial liabilities

The following are the remaining contractual maturities of financial liabilities at the reporting date. The amounts are gross and undiscounted, and include contractual interest payments.

Other Financial Liabilities	19,740.78	-	-	19,740.78
Total	616,901.61	-	-	616,901.61

(C) Market Risk

Market risk is the risk that changes in market prices – such as foreign exchange rates, interest rates and equity prices – will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The Company's exposure to, and management of, these risks is explained below.

(i) Foreign currency risk

Foreign currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates. Most of the transactions are denominated in the Company's functional currency i.e. Rupees. Hence the Company is not materially exposed to Foreign Currency Risk.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cashflows of a financial instrument will fluctuate because of changes in market interest rates. The Company is exposed to interest rate risk as it borrows funds at both fixed and floating interest rates. The Company's fixed rate borrowings are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of a change in market interest rates.

Normal business operations of the Company have ceased.

41 Employee benefits

a. Defined contribution plans

Employer- established provident fund trust are treated as defined benefits plans. The company in its Shyamnagar unit has established a provident fund trust namely "Nicco Steels Limited Workmen's Provident Fund" which is in line with Provident Fund & Miscellaneous Provision Act, 1952. The Plan guarantees interest at the rate notified by Provident Fund Authorities . The contribution by the Employer & Employee together with interest accumulated thereon are payable to employees at the time of separation from the company or retirement , whichever is earlier. The benefit vest immediately on rendering of the services by the employee. But for last few years the manufacturing activities were suspended and WBIDC has taken physical possession of the unit since August 2012. Thereafter, post commencement of CIRP i.e. January 8, 2018 the Resolution professional had taken possession of the unit, post which the the resolution plan was approved by NCLT vide order dated September 04,2019. The same is currently pending implementation.

Benefits involving employer established provident funds, which require benefit shortfalls to be compensated are to be considered in defined benefit plans. The Actuarial Society of India has issued the final guidance for measurement of Provident fund liabilities. As explained to us there is no shortfall as on 31st March 2018.

During the year where PF has been deducted the company accordingly contributes to the Regional Provident Fund Commissioner (RPFC) and the same is recognized as expense during the year as under :

b. Gratuity

In Keeping with the company Gratuity scheme (Defined Benefit plan) eligible employees are entitled to gratuity benefits (at half months eligible salary for each completed year of service on Retirement / Death /Termination) . Vesting occurs upon completion of 5 years of service subject to the payment of Gratuity Act, 1972.

* NOTE: For the financial year ended 31-03-2021 Gratuity liability and Leave encashment has been provided on estimated basis for existings staffs at Rs 0.73 Lacs & Rs.0.60 lacs respectively. Total estimated liability as on 31.03.2021 has been estimated by the management at Rs. 547.23 Lacs inclusive of employees left and whose gratuity has not been settled and Leave Encashment. No Actuarial valuation has been done as required by Ind AS 19 and therefore further details under Ind AS - 19 have not been possible. The management is of the opinion that since all the plants are under suspension of work as such Provision for gratuity / leave encashment liability will not vary substantially.

C. Maturity analysis of lease liabilities

Ind AS 116 "Leases" replaces Ind AS 17 "Leases" with effect from April 1, 2019. The adoption of this new standard has requires the entity to recognise a right-of-use asset and related lease liability in connection with all former operating leases as well as finance lease except for those identified as low-value or having a remaining lease term of less than 12 months from the date of initial application. The right-of-use asset is recognised at an amount equal to the present value of lease liability, adjusted by the amount of any prepaid or accrued lease payments relating to those leases. In the absence of availability of adequate details, the rent arrangements are considered as short-term and no lease liability has been recognized.

I. Fair value hierarchy

The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the company has classified its financial instruments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices. For example, listed equity instruments that have quoted market price.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities, contingent consideration and indemnification asset included in level 3.

II. Assets and liabilities which are measured at amortised cost for which fair values are disclosed

During the periods mentioned above, there have been no transfers amongst the levels of hierarchy.

The carrying amounts of trade receivables, cash and bank balances, current loans, other current financial assets, trade payables, current borrowings and other current financial liabilities are considered to be approximately equal to the fair value.

- c** Liabilities that may arise due to Show cause notices received by the Company have not been considered as Contingent Liability. There are some legal cases against the company before the different courts initiated by some of the lenders , suppliers & others, which have not been recognised/partly recognised in the accounts as the company has not accepted the liability.
- d** The invocation of equity shares of the company, pledged by promoter, promoter group company and/or associates in favour of the Banks/Financial Institution on request of the company for additional comfort to such lenders, has resulted in an additional demand of Rs. 7,511 lacs, (Previous Year Rs. 7,511 lacs) by the said pledgers against the company towards losses due to invocation. The company has not recognised the same and no provision has been made.
- e** All contracts on capital account have been kept in abeyance by the company and therefore no capital commitment is outstanding as on balance sheet date but advances given for purpose of various projects amounting to Rs 654.18 (Lacs){Previous Year Rs 654.18 (Lacs)} is likely to become doubtful of recovery. Full provision for such doubtful advances have been made during the year.
- 45** i) The working of the company has been adversely affected due to paucity of fund and the company has not been able to service the interest / installments of various credit facilities provided by the lenders.
- ii)As reported earlier the Company had undertaken at Kharagpur and Durgapur new / expansion/modernization project, on which substantial expenditure was incurred. However, due to stringencies of financial resources and several other reasons, the Company could not continue with those projects and the same are still pending completion. Interests on borrowed fund together with day to day administrative expenses on such projects have been capitalized up to 31st March 2011 and thereafter it is being charged to the statement of Profit and Loss in accordance with para 21 of Ind AS -23 Borrowing Cost".

- iii) In its Infrastructure division, there has been slow progress in the projects / contracts undertaken by the company from time to time which led to termination of some of the contracts resulting in imposition of liquidated damages & penalties, substantial administrative expenses, invocation of bank guarantees, etc. This has led to further loss in almost all of the contracts undertaken by the company.
- 46 a) The manufacturing activities at Ramsarup Utpadak, Shyamnagar has been suspended since August 2012 and physical possession has already been taken by WBIDC as term lender. Thereafter, post commencement of CIRP i.e. January 8, 2018 the Resolution professional had taken possession of all the units, post which the the resolution plan was approved by NCLT vide order dated September 04,2019. The same is currently pending implementation.
- b) One of the bankers of the Company has unlawfully taken action u/s 13(4) of SARFAESI Act, 2002 and the balance manufacturing 3 units of the company i.e. Ramsarup Industrial Corporation, Kalyani, Ramsarup Nirmaan Wires, Durgapur and Ramsarup Lohh Udyog, Kharagpur have been taken physical possession as on 01.08.2013. The same is claimed to have been done with the consent of some of the other bankers of the Company. The Company has already taken appropriate legal steps challenging the said unlawful action, before the Ld Debts Recovery Tribunal (II) Kolkata. Subsequently on 27.11.2015 ARCIL has taken physical possession of Ramsarup Lohh Udyog, Kharagpur. Thereafter, post commencement of CIRP i.e. January 8, 2018 the Resolution professional had taken possession of all the units, post which the the resolution plan was approved by NCLT vide order dated September 04,2019. The same is currently pending implementation.
- c) IREDA has taken action u/s 13 (4) of SARFAESI Act, 2002 on one of the units i.e Ramsarup Vidyut, Dhule and have taken physical possession on 17.03.2015 . Thereafter IREDA has without following the laws of SARFAESI Act auctioned the Windmill to Sole Bidder M/s Suzlon Global Services Ltd. on 17.03.2017. The above matter is sub-Judice before Ld. Debt Recovery Apellate Tribunal, Mumbai, Maharashtra and the company is confident of getting the order in its favour.
- 46 In view of the CIR process which got completed vide NCLT order dated 4 September 2019 approving the Resolution Plan and disposal off the various litigative matters by Hon'ble Supreme Court vide its latest order dated 2nd July 2021, the Company is confident of revival under the provisions of IBC and, as such, the accounts have been prepared on a going concern basis. Further, as implementation of resolution plan is in process, step by step as per the approved resolution plan, the accounting entries and other necessary adjustments in the books of accounts of the company superseding all the acts and authorities, are yet to be made.
- 47 Due to suspension of manufacturing activities there are indications which suggest impairment in the value of the Property, Plant & Equipments together with Capital Work in Progress of the company. The management is still in the process of getting an impairment study done and the financial impact of the impairment loss, if any, will be accounted for at the relevant time. However Banker's / ARC's have been getting asset valuation report done from time to time. This note should be read along with Note 1 relating to commencement of CIR Process.
- 48 In the opinion of erstwhile management of the company the current assets, Loans & advances are approximately of the value as stated, if realised in the ordinary course of business and that the provision for all known liabilities are adequate and not in excess of the amount reasonably necessary. There are no contingent liabilities other than those stated above. Certain balances of sundry debtors, Loans & Advances and sundry creditors are subject to confirmations/reconciliation.
- 49 The Company has enjoyed Tax Holiday U/S 80 IA of the Income Tax Act, 1961 in respect of its income from power generation by 3 Nos. Wind Turbine Generators (WTG) for a period of 10 years from the financial year 2005-06.

To the Members of

Ramsarup Industries Limited**Report on the Financial Statements**

We have audited the accompanying financial statements of **Ramsarup Industries Limited**, which comprise the Balance Sheet as at March 31, 2021, and the Statement of Profit and Loss and Cash Flow Statement for the year then, ended and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under.

We conducted our Audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on whether the company has in place an adequate internal financial controls system over financial reporting and the operating effectiveness of such controls. An audit

also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Basis for Qualified opinion: -

- i) *The Company has incurred loss of Rs. 35.98 crores and negative net worth amounting to Rs. 4,833.74 crores as at the Balance Sheet date. Thus, it indicates a material uncertainty exists that may cast significant doubt on the company's ability to continue as a Going Concern.*

However, the Corporate Insolvency Resolution Process (CIRP) of the company commenced on January 08, 2018 vide order of the Honorable National Company Law Tribunal (NCLT), Kolkata Bench and Mr. Niles Sharma was appointed as the interim resolution professional of the company. Thereafter, Mr. Kshitiz Chhawchharia vide Hon'ble NCLT's order dated 02.05.2018 was appointed as the Resolution Professional (RP). The resolution plan for the revival of the Company submitted by the consortium of SS Naturals Private Limited and Shyam SEL Limited (referred to as the Resolution Applicant or RA), was approved by the Committee of Creditors of the Company of 06th March 2019. Thereafter, the RP filed an application with the Hon'ble NCLT u/s 30(6) and section 31 of the code for approval of the resolution plan. Subsequently, on 04th September 2019, the Hon'ble NCLT approved the Resolution Plan (approved Resolution Plan) submitted for the revival of the company, binding the company, its employees, members, creditors, coordinators and other stakeholders involved in the Resolution Plan. Upon approval of the Resolution Plan by the Hon'ble NCLT, the corporate insolvency Resolution Process of the Company has ended and accordingly RP has demitted office. Thereafter, a Monitoring Agency (MA) has been constituted comprising of three lenders, two representatives of successful RA and erstwhile RP, for managing the operations of the Company and monitoring the implementation of the Approved Resolution Plan by the Resolution Applicant for revival of the Company. Mr. Kshitiz Chhawchharia, the erstwhile RP, was appointed as the Chairman of the MA (Chairman) in the 3rd Meeting of the MA held on 25th September 2019.

Further, appeals were filed before the Hon'ble National Company Law Appellate Tribunal (NCLAT) by various stakeholders against the Hon'ble NCLT's order dated September 04, 2019 for approval of Resolution Plan. Since the matter was Sub-judice, the Resolution Applicant, being a member of the MA, had mentioned that all matters relating to the Company be taken up for discussion after the disposal of the appeal by Hon'ble NCLAT. Subsequently on March 04, 2021 the Hon'ble NCLAT pass the order dismissing all the aforesaid appeals and directed the Monitoring Agency to immediately start taking steps for implementation of the Resolution Plan.

Thereafter, an appeal was filed in the Hon'ble Supreme Court by the Resolution Applicant and other stakeholders. The Appeal of the Resolution Applicant and other stakeholders were dismissed by the Hon'ble court vide order dated 04th May 2021 and 2nd July 2021 respectively.

Post the order of Hon'ble Supreme Court, the successful RA has taken the necessary steps to implement the approved resolution plan.

The RA has already funded the CIRP cost and Workmen Dues in line with the approved resolution plan.

As per the approved resolution plan it is the RA's liability to meet the expenses incurred for the day-to-day activities of the company after the completion of the CIRP. The RA has been

complying with the same by continuously funding the accounts of the Company with the operational expenses since May, 2021 (post the order of Hon'ble Supreme Court). The RA has also paid towards the renewal of insurance of the assets of the Company. Thus, on the basis of the above-mentioned points the Company is confident of revival under the provisions of Insolvency and Bankruptcy Code, 2016 (IBC) and Approved Resolution Plan, as such, the accounts have been prepared on a Going Concern basis.

- ii) As per section 134 of the Companies Act, 2013, the financial statements of the Company are required to be authenticated by the Chairperson of the Board of Directors, where authorised by the Board or at least two directors, of which one shall be managing director or the CEO (being a director), the CFO and Company Secretary where they are appointed. The Company

has not appointed CFO and Company Secretary. These financial statements of the Company for the year ended 31 March 2021 pertain to period post completion of CIRP. Pursuant to the Hon'ble NCLT order for commencement of the CIRP and in line with the provisions of the Code, the powers of the Board of Directors stand suspended and be exercised by IRP / RP. These financial statements for the year ended 31 March 2021 have been prepared with the assistance of the erstwhile management of the Company. In view thereof, the Monitoring Agency has relied upon the assistance provided by the Erstwhile Managing Director in review of the financial results and certifications, representations and statements made by the Company in relation to these financial statements.

These financial statements have been signed by the Authorized Representative of the Monitoring Agency (duly authorized by the MA). These financial statements have been adopted by the MA while exercising the powers of the Board of Directors of the Company, in good faith, solely for the purpose of compliance and discharging their duties which has been conferred upon them as per the terms of the approved resolution plan.

- iii) Manufacturing activities at its unit Ramsarup Utpadak at Shyamnagar have been suspended since August 2012 and physical possession has already been taken by WBIDC as term lender. Thereafter, post commencement of CIRP i.e., January 8, 2018 the Resolution professional had taken possession of the unit, post which the resolution plan was approved by NCLT vide order dated September 04, 2019. The same is currently pending implementation.

- iv) The Company has four manufacturing units at Kalyani, Shyamnagar, Kharagpur, and Durgapur, all of which are under the suspension of work for the last few years. Detail Physical Verifications of fixed assets and inventories could not be conducted by the present company personnel. We have also not been able to obtain sufficient appropriate audit evidences (SAAE's) in respect of existence and valuation of fixed assets and inventories lying at these factories.

- v) (a) Since manufacturing activities of the company have been suspended at all of its manufacturing units. There are indications which suggest impairment in the value of Plant & Machinery and other Fixed Assets of the company which has not been done.

(b) Windmill at Dhule, financed by IREDA. In view of possession being taken under SARFAESI Act, 2002, the Lender has auctioned the Windmill in favor of M/s Suzlon Global Services Limited and Sales Certificate has been issued. We are given to understand that though Sales Certificate has been issued by IREDA but legal transfer has not been done. In the meanwhile, the company has filed an SA & IA challenging the above auction. As on the reporting date, matter was under dispute under DRT, Aurangabad during the reporting period wherein the tribunal passed an order in favor of the Company. IREDA has

challenged the mentioned order in DRAT, Mumbai wherein the Tribunal directed the parties to maintain 'Status Quo'.

- vi) Borrowings from banks and financial institutions have been classified as Non-Performing Assets (NPA) by the lenders. Neither any balance confirmation with respect to the outstanding loans could be obtained nor has any bank statement been provided by them. In absence of the same, we are unable to confirm the accuracy of the balances appearing in the books of accounts. As the borrowings have been considered NPA, no interest has been charged by the banks since then. As per the provisions of IBC, 2016, the lenders have claimed the outstanding amount with respect to the loan disbursed by them. The claimed amount is inclusive of interest till the date of CIRP commencement i.e., 08th January 2018, which has been accounted for. Interest or any other charges has not been accrued in the books of accounts from the date of commencement of CIR Process, i.e., 08th January, 2018 onwards, on account of moratorium u/s 14 of IBC.
- vii) The Company has made Investment in the Equity of Moira Madhujore Coal Ltd. to whom the Coal block at Moira Madhujore was allotted jointly with their beneficiaries. Due to various reasons, the Coal Mines are deallocated in future and the rights in Coal Block and investment thereon is likely to be affected. Hence, value of the investment has been considered at a nominal amount of Re 1/- share.

"ANNEXURE B" - TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of **Ramsarup Industries Ltd.** ("the Company") as of **March 31, 2021** in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India" (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India (ICAI) and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting subject to the point no. ii and iv as mentioned in the "Basis for Qualified Opinion" paragraph of the Independent Auditors Report.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial control over financial reporting includes those policies and procedures that:

(1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

(2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and

(3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, except for the possible effects of the material weakness described as above on the achievement of the objectives of the control criteria, the Company has maintained, in all material respects, adequate internal financial controls over financial reporting and such internal financial controls over financial reporting were operating effectively as of March 31, 2021, based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India"(ICAI).
